

Best and Fairest Sports Parenting

Poor parenting increases drop out rates, damages self esteem and leads to endless conflict between you, your kids and coaches.

We all want to do the right thing for our kids...but what is the right thing?

Ex-St Kilda Captain and sports dad **Nathan Burke** provides practical solutions in this 90-minute seminar.

As parents we want to give our kids the best opportunities in sport, and importantly we want to build and maintain a healthy, long lasting relationship with them. In trying to do both we can tread a fine line between being over involved and under involved in our kids life.

This practical seminar will look at the 6 signs you may be an overinvolved parent and just what perfectly involved parenting looks like. The strategies will help you give your child the best opportunity to reach their potential, and have fun doing so.

*Nathans talk was inspiring, hard hitting and gave us a great insight into teamwork.
Wow, what a great session, the best we've had so far.*
